

500 MILLION WELCOME MATS... ARE YOU READY FOR GLOBAL BOOKING?

New! The Aaxsys Global Distribution Channel! You'll be live in Singapore, San Francisco and Sydney... and your properties will be visible to around 500 million potential guests per month who use the internet to search for furnished rentals.

It's free & easy!* You simply upload inventory onto the Aaxsys platform and maintain your Aaxsys real time calendar – and we'll channel your listings to our partner sites where guests are discovering that a short stay in furnished housing can be so much more desirable than a hotel room (e.g. *TripAdvisor, booking.com*)...and to resource portals (e.g. *Trulia, Zillow, condo.com, Hot Pads*) specializing in longer stays: relocation, short-term assignments, insurance, and other interim placements.

Don't be left behind! Demand is booming, the number of sites is continually growing – and Aaxsys has the vision and technology to take you there.
