

# AAXSYS TECHNOLOGY

**Boot up. Log in. Point and click.**  
**Aaxsys is the only tool you need.**

Sure, there are other products out there, but none can beat the integrated power of the Aaxsys system relative to our price point!

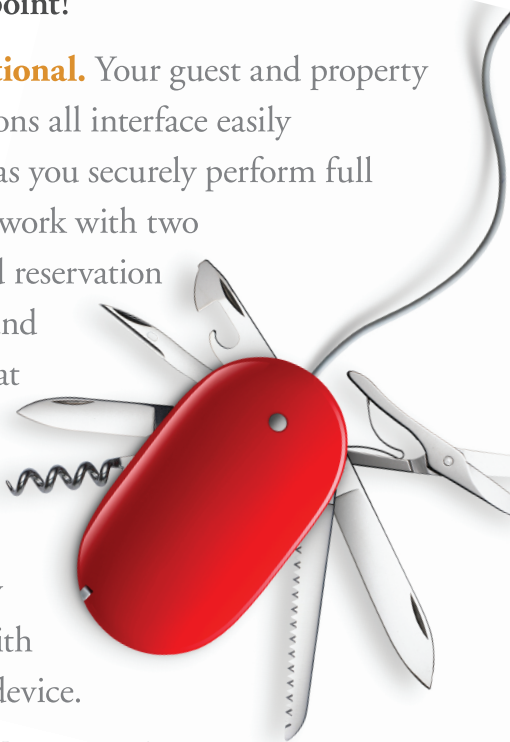

**Aaxsys is multifunctional.** Your guest and property databases and operations all interface easily in the Aaxsys system as you securely perform full accounting tasks and work with two automatically updated reservation boards and calendar and property templates that can be emailed.

**Aaxsys is web-based and fully portable.**

You can use it literally anywhere, anytime with any internet-enabled device.

**Aaxsys saves time.** Most operations are simply point and click, many are automated.

**Aaxsys is marketing.** Your website is transformed into a 24/7 global booking engine with custom searches and property pages with photos and maps. *Extra marketing over the Aaxsys Global Distribution Channel is free!*
